District 14 – C

Issue – February, 2012

MESSAGE FROM THE DISTRICT GOVERNOR

Dear Lions, Lionesses and Leos,

Our journey momentum is beginning to pick up again since the holidays are over. One month of the New Year will be gone by the time you receive the February newsletter. The saying “Time goes fast when you are having fun” certainly is true. There is no time to experience winter boredoms, as there is much work to be done. Reading all the newsletters indicates to me that the Lions and Lionesses Clubs throughout the District have been very busy with service projects and some fund raising activities during the holiday season. However, there are people who still need our services everyday, especially this winter. Food banks need to be restocked, perhaps a child in a nearby school is in need of a new pair of glasses and maybe an elderly person needs transportation to the grocery store. Are we truly cognizant of the needs in our communities?

The Pennsylvania State Council of Governors will be meeting the first weekend in February at the Doubletree by Hilton in Pittsburgh. All eighteen District Governors and First and Second vice Districts Governors throughout the state will be in attendance, along with members of the International family. The meeting is open to any Lion, Lioness, or Leo to attend. Have you ever attended or considered attending a State Council meeting? This is an excellent way to observe and experience what takes place in our organization on the state level, as well as learn what filters down from the International President.

Clubs visits to date have gone quite well. The opportunity to serve as your District Governor is indeed a privilege and a profound experience. The opportunity to reflect after each visit on all the service and good works being completed throughout the district is overwhelming and heartwarming.

The Third Cabinet Meeting will be held on Saturday, February 11, 2012 at the Camp Hill Borough Building, 2145 Walnut Street in Camp Hill. Let's have 100% attendance at the meeting. Coffee, juice and doughnuts will be served by the Camp Hill Lions Club. The Brogue Lioness Club is in charge of registration which begins at 9:15am. The meeting will begin at 10:00am.

To date over 7 million trees have been planted to support Dr Tam's goal. Has your club made plans to plant any trees in the spring? If not, there is still time. Commendation goes out to all the clubs who have already planted trees. There are some pictures, but we ought to see more. Submit the pictures to the District Newsletter Editor and the Pride Magazine.

Has your club inducted one new member this year? If each club in the district takes in one member we will have a plus gain for the year. There are clubs who have inducted three or more new members. Each one of us has to do our part. One new member means two more hands to assist with activities. Start by asking a family member to join our organization.

The registration materials for the State Convention being hosted by District 14-C in Gettysburg in May, have been mailed out. Has your club registered to attend all or part of the convention? All club presidents should plan to attend Saturday. This is the day Dr Tam wants to meet with each club President. Clubs can also reserve a table at the International Banquet for 8 or 10 people, which truly is a highlight of the convention. REGISTER NOW!

See you at the Cabinet Meeting. This is an open meeting for any Lion, Lioness or Leo to attend.

I Believe in Service and Lionism

DG Shirley A. Starner

MESSAGE FROM THE FIRST VICE DISTRICT GOVERNOR

Greetings,

Lions, Lionesses, and Leos of District 14-C,

Wow, February is upon us and by now the ground hog has/has not seen its shadow and will make its entrance into the warm sun rays and begin to work. Yes, if winter is here can spring be far behind?

Now we start to make our plans for projects to raise funds to help serve those less fortunate. Remember, as we serve to wear Lions apparel, take pictures and put them in the local publications, club web pages and Facebook. Good publicity will bring in new members.

I hope you saw the billboards (left) that District 14-C placed along three major roads. Now that more people are aware of us think about asking that person who may be just waiting for you to ask them to join the Lions Club.

Lions Day 2012 with the United Nations will take place Friday March 16. If you are planning a trip to New York you may want to

put this on your itinerary.

Remember the Lions State Convention this May 17-20, at Gettysburg. This is just a short drive so I want to see District 14-C show up in masses.

I am in the process of visiting clubs this year; if your club is interested in a visit by your VDG please contact me at 717-225-4892 or at kroudeere@comcast.net.

Yours in Lionism,

First Vice District Governor

Noah E. Krout

QUOTES OF THE MONTH

BEACON LODGE WORK WEEKEND

The Annual District 14-C Spring Work Weekend will be held on April 13, 14, and 15, 2012. Come and join us for work, fun and fellowship and contribute to your LIONS CAMP. The purpose of the activity is to ready the camp for the coming camping season.

Beacon Lodge will provide meals and lodging along with bedding for the weekend. All that you need to provide are work clothing, work gloves, washcloth and your personal items. Plan to arrive Friday evening, April 13th, or by 7:00 AM on Saturday, April 14th. We will work until lunch on Sunday and leave for home after lunch.

As always, the accomplishment, of this activity, depends on the Lions willing to give their time and efforts. I encourage the Lions to participate in this important service activity.

It is very important that the staff at the camp know how many will be attending so that they can order sufficient food and prepare accommodations. **They need to know the exact number to expect. Please call me by April 1, 2012.** Do not hesitate to contact me if you have questions. My phone number is 717-650-2966, and my email is lkbljb@comcast.net. **This weekend will be limited to the first 40 Lions who register.**

CERTIFIED GUIDING LIONS

Certified Guiding Lions are critical to a new club. These knowledgeable Lions provide practical guidance to the new club leaders, help the club utilize the tools and resources available from LCI and their district, and set up a mentor team by matching each club officer with an experienced officer from a strong club. These concepts help strengthen a new club....***but can they also help invigorate a status quo or failing club?***

Often times a club that is failing needs new service ideas and a new direction. When new members are recruited, they will need the support of an experienced Lion who is on call and ready to assist.

The Certified Guiding Lion training promotes positive approaches so the club can reach the goals set by the club. They receive a club health assessment report so they can track the development of the club. But most of all, the club has someone to call when they need support.

Some areas are already using this strategy informally and we have received very positive feedback. Now, we would like to gather more detailed information and examine any shortcomings that may exist as well as learn how this concept has been applied successfully.

Reversing club loss is critical to our association and your input will have a direct impact on how we proceed.

Thank you for your assistance.

Mindy Marks, Manager, District and Club Administration Division

DID YOU SEE THIS?

Dr. Tam asked us to “project our image”. District 14-C did just that during the month of January 2012 with three billboards in our district.

One billboard was displayed in each county. The above pictured billboard was in Adams County just west of New Oxford on Route 30. Another one in Cumberland County was .2 miles west of Capital City Mall and the third was in York County just south of Exit 28 on I-83.

Thanks to our publicity chairperson, Marcia Shaul for coordinating this project.

Lions Clubs International Newsletter

Wing-Kun Tam, International President

January 2012

Dear Lion,
Best wishes and Happy New Year to you and your Lions club!

As we begin 2012 we are also beginning the second half of our year together as Lion leaders. What we have accomplished together thus far is remarkable. I commend you on your accomplishments these past six months - meeting the tree planting goal in just three months, volunteering countless hours towards Global Service Action Campaigns and bringing new faces into your Lions family. As I look to the future "I Believe" we can accomplish even more.

The beginning of a new calendar year is a good time to evaluate our clubs, to reflect on the previous year's accomplishments and look ahead to your club's future opportunities.

Have you ever thought about what your club or district will look like 10, 20, even 30 years from now? Who will be there to provide the vital services your club offers to the community today?

I spend a good deal of time thinking about the future of Lions Clubs International and I can tell you that the answer is people who are now in their late teens to late twenties.

Recruiting young people is not only vital for the future but provides concrete benefits to our clubs today. Bringing young people into a Lions club can renew its spirit with fresh ideas, create a club that more closely mirrors the community and help it precisely assess today's community needs.

It can be challenging to reach young people who are typically busy and have many options for using what free time they do have. But it might be easier than you think. Today's generation of young people is more committed to volunteer service than any that came before it. If we Lions are to be true to our own commitment to service we cannot let any of that youthful energy go unused or allow their desire to serve go unfulfilled.

LCI is providing your club and district with the tools it needs to [recruit young adults](#) into your Lions family. Download [My Club, My Family](#) for a checklist on welcoming new members. I hope that you take advantage of these tools and do all that is necessary to revitalize your club and ensure its future.

Sincerely,

Wing-Kun Tam
International President

Member Retention

When Lions planted more than 7 million trees this year, they knew it was a long-term commitment. Saplings cannot be expected to thrive on their own. Neither can new Lions. Saplings require careful nurturing from those who set them in place. So do new Lions.

Do you know that more than a third of new Lions resign between their first and third years as club members? Many feel they have not been heard or that their ideas have not been taken seriously. I ask all club leaders and senior Lions to reach out to the newest members of your club, find out their needs and listen attentively to their ideas. I believe that listening to these new members will keep them engaged strengthen your club.

That is the "member care" part of the equation:

Involvement + sense of worth + member care + family atmosphere = club success.

Download [My Club, My Family](#) for more ideas about strengthening club membership.

International Convention

All Lions are invited to attend the [95th International Convention](#) in Busan, Korea.

International cooperation and friendship is a key to Lions success and nowhere is it more prominently on display than at the international convention. At every year's convention Lions enjoy camaraderie, share ideas with other members, learn about other cultures and discover what we all have in common. This year you can join our Lions international "family reunion" in Busan, a sparkling cosmopolitan city that boasts many of Korea's cultural treasures, both ancient and modern.

Come celebrate our accomplishments and help pave the way for our future this June in beautiful Busan!

Global Service Action Campaigns

Protecting Our Environment

This year Lions left no doubt about their concern for the environment. They committed to the ambitious goal of planting [one million trees](#) worldwide, then surpassed that goal more than six times over. That's what happens when Lions believe that they can change the world, even when changing the world means changing the very face of Planet Earth!

Help Lions keep the momentum of the tree planting campaign by preparing your club and the clubs in your district to participate in [Protecting Our Environment](#), the year's final Global Service Action Campaign scheduled for April.

The Lions you lead can:

- Help build a safe water system
- Organize a community wide clean-up
- Raise awareness of "going green"
- Volunteer at a recycling center

To help you get started, more [project ideas](#) and a [planning guide](#) are available to help plan your club's environmental activities. Don't forget to share your club's activities using the [Service Activity Report](#).

SHIPPENBURG LIONS JANUARY STUDENT OF THE MONTH

At Monday's Shippensburg Lions Club meeting, held at Premier Events on Orange Street, the members met January Student of the month from SAHS Lindsey Stafford pictured here with Lion Quay Stolte.

She is a member of NHS, the Marching Band where she is the Drum Major. She is captain of the swim team and throws the shot put on the high school's track team. She also plays the alto saxophone in the concert and jazz bands. Next year she will attend the University of Pittsburgh where she intends to study medicine.

Unfortunately Student of the Month Denis Kafic could not be at the meeting last night. His parents came to the United States when he was 2 years old to make a new life for themselves and for a better education. In the fall he will be attending Drexel University where he has a scholarship to study Biology. After his

undergraduate degree he hopes to attend Medical School. Congrats to both of you!

SHIPPENSBURG LION PROMOTES VISION CARE

Lion Beverly Horn at Monday's Rotary Club Meeting where she gave a talk based on the "Sharing the Vision" Campaign, a Lions global campaign.

"Lions throughout the world share a common vision - to fight blindness and provide vision care for all. Many eye and vision problems have no obvious signs or symptoms, and as a result, individuals are often unaware that problems exist. Eighty percent of all vision impairment can be avoided or cured.

Organizing this project gives us a chance to raise awareness of the importance of healthy vision and the causes of vision loss" said Ortrun Gates, President. In addition to the club's Sharing the Vision service event, the club conducts a variety of projects, including glasses for folks in need, both adults and children.

If you are interested in having Lion Beverly come to your club, please drop her a line at bevlhorn@yahoo.com or call her at 717 532-7484.
